### **Info Bike Presentation System**

- Ideal for the presentation of bicycles in the store
- The mechanism is designed so an client independently and without much effort mounted and can test his favorite bikes in the simulator (almost any Cycling 24" and 28")
- simple operation with a 7" touch screen (menu navigation without display) WITHOUT display / projector - Video technology and decoration by arrangement
- optional: 22" touch screen (user interface and display) „ready to start“

### **Description Bike-Presentations System (Clic-Clac-System):**

- Powder coated steel base plate
- Electronically controlled eddy current brake
- PC including operating system (Windows 7)
- Bike simulation software (Virtual Reality Software)
- Including logo integration (in the 3D software)
- Customer-friendly, intuitive user interface
- 7" touch screen access (video display to beamer or flatscreen)
- Spoke protectors
- Very simple and intuitive assembly / disassembly of the bikes
- Steering in the VR software (left and right)
- Control automatically adjusts to the length of the bike
- Suitable for (almost) all the wheels between 24 "and 28"
- Very realistic driving experience

#### **Important:**

Purchase Agreement (applies only to Europe in the following countries)

- The simulator will be rented out commercially in D, A or CH - Allows are trade shows, etc. where the buyer own name, as an exhibitor occurs, (and free Rental to clubs, schools, social and charitable Organizations) - With an offense against this is a penalty in the amount of 5000,- € per operating day due. Further we reserve the right to claim damages - the buyer agrees to this scheme give a possible sale of the system further - If he fails to do so, it shall remain liable for this System, or their use FYI: Design and technical solutions are protected by copyright - The manufacturer is not liable for damage to people and material, which not caused by his gross negligence or were debts or claims of any kind - color upon request
