FLYING CARPET - 5D Motion Ride - 3 D.O.F.

Discover Interesting Places

In Wonderland, Sinbad the Sailor flew with his flying carpet over the Desert and cities and visited distant places. Our film team is able to prepare a movie from your city or other beautiful Places, which allows your visitors a virtual visit of it. It's not just straight on the main road, even side streets or other interesting places can be explored only by pressing a button.

Features & setup

- 3DOF motion simulation platform with 180 x 180 cm surface (movements: up-down, laterally tilt left / right and forward / backward), to hard surface without glue carpet to a carpet on it. Carpet edge can hang down slightly, or mounted like on the pictures to fit the frame
- space for movement vertically about 20cm (maybe 30cm)
- 4 seat positions with 2 handles / seat position for visitors who can sit cross-legged on the platform
- height of the platform is approximately 50cm (maybe 60cm) begin in the lowest position, the visitors can sit on the side of the platform and into turn toward canvas
- 9 select button and 2 direction switch in the middle to select a movie and to select the direction of the next scene during the movie
- Wind effect with 2 fans
- 1x 3D video playback and Motion Control Server
- 220/110V / 16A / 1 phase operation / with motor-powered
- Total weight 400 Kg
- Installation cost (turnkey) on site

2D Motion Ride

Full HD, with about 250cm diagonal, front-projection, white canvas
stereo audio technology

3D Motion Ride

Full HD, with about 250cm diagonal, front-projection, silver screen stereo audio technology, 3D conversion = film has produced in 3D be, including 100 piece 3D filter glasses

Please note: installation and construction

The floor should be reinforced concrete with sufficient strength for about 200 kg/m². We recommend the location of the simulator a rubberized bottom. back-projection is also possible or desired shape.

Films & advertising

- New films on request
- Individual maintenance agreements
- Moving platform with large screen for 4 persons
- Films are selected at the push of a button
- Emergency-stop button between the seats stops the seats moving
- Ideal for hotels, entertainment areas, museum, road shows, etc.
- Individual maintenance agreements are available
- optional with mountain bikes: discover the place with muscle power
