MAESTRO – Interactive Live Orchestra Panoramic Display

Wide range of famous orchestral works. You are the conductor! Interactive orchestral simulation for realistic conducting of symphonic music. Both music enthusiasts and professionals can conduct major symphonies using the wireless yet precise baton! Conduct a stunning symphony orchestra with your favorite pieces arranged from light to sophisticated ...

Set-up: approx. 90 minutes

A host demonstrates the MSO using speakers and makes contact with by standers Guests can conduct as well. As an option, other MSO stations can be set up near the main stand, where guests have the opportunity to conduct on their own privately while wearing headphones.

How long does it take to explain instructions on use per person: It takes on average about 10 seconds only when watching and the process is very intuitive.

Sound: 2 active monitors on stands

Power: 230 V (notebook, sound)

Space required: 460x220cm

Lights: 4 spots
